

Welcome to the last month of the Quarter!

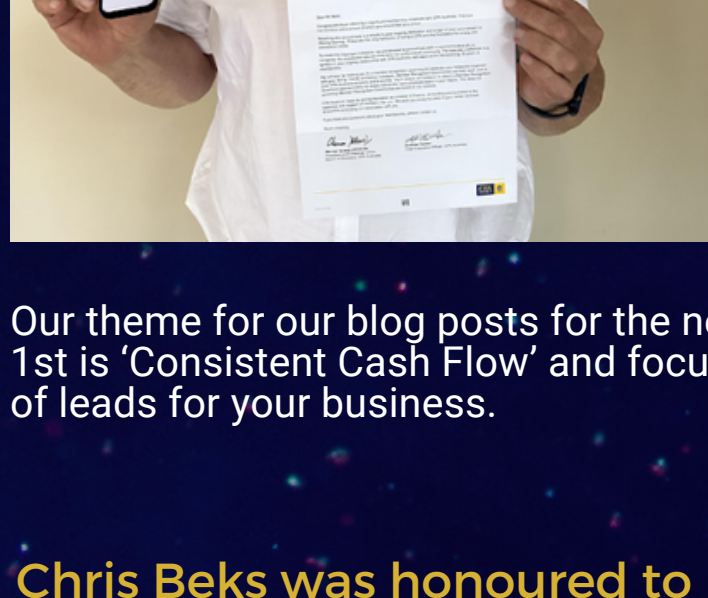

Ceebeks

Business Solutions for GOOD

Daylight savings will end on the 5th April and that usually signals the start of the colder weather but it seems to have arrived earlier here in the Southwest

Dale had a holiday to Queensland earlier in the month and Ange & Chris had a weeks break in Western Australia and the rest of the Team managed very well in getting the work completed on time in the process.

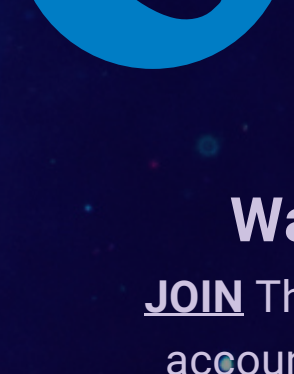

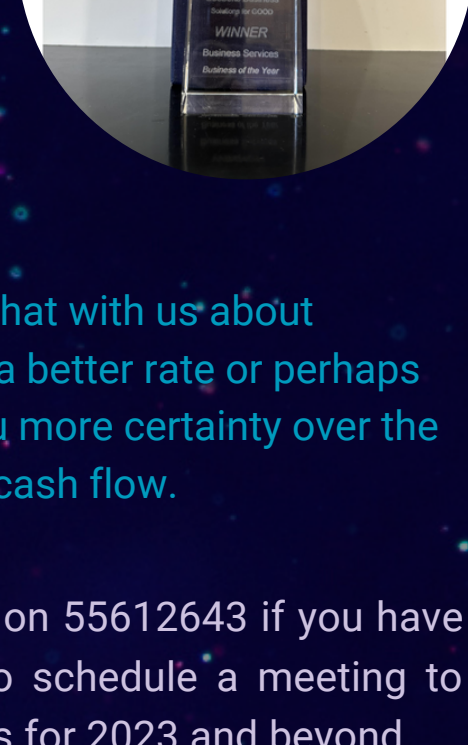

Chris received a nice surprise from CPA Australia this month acknowledging his 40th year of membership, now that is a long time to be an accountant!

We are ready for the 2023 Fringe Benefits Tax Returns season and with working paper files ready for those at the end of March 2023, so keep an eye out for the emails requesting speedometer readings to be completed. And speaking of March, Tax Planning will follow as soon as the BAS has been completed for the month or quarter ending 31st March 2023.

Our theme for our blog posts for the next quarter of 2023 beginning April 1st is 'Consistent Cash Flow' and focussing on how to create a regular flow of leads for your business.

Chris Beks was honoured to collect an award at the recent conference in Sydney on behalf of our amazing small team - the Sensational Seven!

Now is a good time to have a chat with us about refinancing your home loan to a better rate or perhaps even fixing part of it to give you more certainty over the monthly repayments and your cash flow.

Please reach out to the Team on 55612643 if you have any queries and would like to schedule a meeting to discuss your goals and dreams for 2023 and beyond.

Make Your Own Kind of Music!

Hello Chasers,
Despite more people still choosing to work from home, the ATO has moved the 'goal posts' regarding what you can claim using the previously simplified shortcut method.

Working From Home – What to Claim in 2023

Prior to 1 July 2022, Australian taxpayers who incurred additional expenses as a result of working from home had the choice of three methods to claim these expenses:

- the shortcut method,
- the fixed-rate method, or
- actual expenses...
